

## 90s Medley

You are my fire  
The one desire  
Believe when I say  
I want it that way

But we (If you wannabe my lover) are two worlds apart (you gotta get with my friends)  
Can't reach to your heart (Make it last forever, friendship never ends)  
When you say (If you wannabe my lover, you have got to give)  
That I want it that way

(It's like rain, on your wedding day)  
Ain't nothing but a heartache  
(It's a free ride when you've already paid)  
Ain't nothing but a mistake  
(It's the good advice that you just didn't take)  
I never wanna hear you say  
Hit me baby one more time!

Kiss me, beneath the milky twilight  
Lead me out on the moonlit floor  
Lift your open hand  
Strike up the band and make the fireflies dance  
Silver moon's sparkling  
I saw the sign

Don't stop, never give up  
Hold your head high and reach the top  
Let the world see what you have got  
Bring it all back to you (bring it all back now)  
Dream of falling in love  
Anything you've been thinking of  
When the world seems to get too tough  
Bring it all back to you

Say you will, say you won't  
Say you'll do what I don't  
Say you're true, say to me, "C'est la vie"  
Say you will, say you won't  
Say you'll do what I don't  
Say you're true, say to me, "C'est la vie"

With the lights out, it's less dangerous (If you wannabe...)  
Here we are now, entertain us  
I feel stupid and contagious  
Here we are now, entertain us

Now, I'm lookin' to the sky to save me  
Lookin' for a sign of life  
Lookin' for somethin' to help me burn out bright (Friday I'm in love)  
And I'm lookin' for a complication  
Lookin' 'cause I'm tired of lyin'  
Make my way back home when I learn to fly high

I wanna live like common people  
I wanna do whatever common people do  
Wanna sleep with common people  
I wanna sleep with common people like you

Nothing's fine, I'm torn (Don't go chasing waterfalls)  
I'm all out of faith  
This is how I feel (Please stick to the rivers and the lakes that you're used to)  
I'm cold and I am shamed  
Lying naked on the floor (I know that you're gonna have it your way or nothing at all)  
Illusion never changed  
Into something real (But I think you're moving too fast)  
I'm wide awake and I can see  
The perfect sky is torn

And through it all she offers me protection  
A lot of love and affection, whether I'm right or wrong  
And down the waterfall, wherever it may take me  
I know that life won't break me  
When I come to call, she won't forsake me  
I'm loving angels instead

And so Sally can wait, she knows it's too late as we're walking on by  
Her soul slides away, "But don't look back in anger," I heard you say  
(Don't speak, I know just what you're sayin'  
So please stop explainin'  
Don't tell me 'cause it hurts)  
(I want it that way)  
(If you wanna be my lover)  
(Hit me baby one more time)
